### DISCUSSION ITEMS AND MOTIONS:

Bill Arnold came before the board with concerns of the building activities on Randolph Hill Road. Bill stated rumors of the size of building, length of driveway and size of septic. The board stated what the permits were approved for, but will investigate that the building permit is adhered to. The length of the driveway was verified with the Planning Board Chair prior to the approval of the building permit and Burt York appeared before the select board regarding any questions concerning the septic permit.

The power washing of the Municipal Building has been completed and the mold is gone.

Michele Cormier contacted Ray Cotnoir and Dave. They are in the process of measuring the small meeting room for the hanging rail and provide a quote.

Michele Cormier contacted AAA Septic and they are attempting to locate the septic tank at the Town Hall. Once located, it will be pumped and a riser will be put in place for easy access.
