

Town of Randolph

Planning Board Minutes

May 4, 2017

Members Present: Roberta Arbree, Bob Ross, Arlene Eisenburg, John Turner and John Scarinza

Call to order: The meeting was called to order at 7:03 by Chairman Scarinza

Minutes of April 6, 2017 - The minutes were approved as presented.

New Business:

The board discussed aquifer protection in town. John spoke of work being done at the County level in ensuring that certain activities which could contaminate water resources are properly regulated in these important areas. Discussion continued on how to best identify aquifer areas and what types of maps may currently be available. Roberta offered to see what types of maps might already be available for the next meeting. John stated that he would contact Tara Bamford from North County Council to see if she might be available to come to a future meeting to discuss aquifer protection opportunities.

The board also discussed steep slopes and storm water management. There are some model ordinances in the state that the board may want to consider dealing with best management practices. Again, Tara Bamford may be a good resource for some of these issues.

Adjournment: The board adjourned at 7:50 by mutual consent.

Respectfully submitted,

John Scarinza
