**DISCUSSION ITEMS AND MOTIONS:**

Eversource submitted a license and pole permit to replace a pole located at the corner of Durand Road and US Route 2. The board signed and approved the permit.

Asplundh Tree Services is in town cutting back brush and trees to clear the electrical lines. Eversource has contracted Asplundh for this purpose. All residents have been notified of the project.

Michele Cormier has scheduled a meeting with Beverly Jadis to review the Trustee of the Trust Fund rules and procedures.

Kevin Rousseau informed the board that he has been in touch with Granite State Seal Coating in regards to filling the cracks on Randolph Hill Road this fall. The grass growing in the cracks along the edges will be burnt off after the forecasted rains.

Auvern Kenison pointed out that brush cutting on Durand Road and other roadways in town needed attention. Lauren Bradley pointed out to Mr. Kenison that the Road Agent position in Randolph is a part time position. Problem areas are focused on as they are identified.

Bill Arnold identified three fires nearby; one off Pinkham B on the Gorham side, one by Crest View Drive in Gorham that the Randolph Fire Department assisted and the truck was called to Glover Spring in Randolph where an unpermitted fire needed to be extinguished. Bill requested a bill be sent to the property owner for the call, due to the dan-

gerous fire conditions in the area and no permit was issued. The board instructed Linda to issue a bill to the property owner.

The town has possession of the rock rake acquired from the State of New Hampshire DOT, due to the dry condition, Kevin is waiting for the forecasted rain to begin and utilize it on Raycrest Drive to level the road prior to winter.

The next meeting will be held on November 13th.

John Turner moved to adjourn at 8:50 PM. All agreed.
